CIRCULAR

In order to streamline the processing of ordering and payment against stocks ordered, it has been decided by the Commissioner of Excise that upon placing of order by the corporations and consequent generation of T.Ps by the Excise Department, the corporations will ensure the payment of dues to the concerned L-1 licensee preferably within 24 working hours.

Further, in case of any default in making any payment in time, the L-1 licensee, can refuse further delivery of the stocks to the corporation at fault. The Excise Department can also cancel TP and take further necessary action.

It is clarified that this arrangement has been made for ensuring smooth supply of liquor in Delhi and the Excise Department will hold no responsibility for settlement of any dues between corporations and the L-1 licensees.
